## INDUSTRIAL ASSEMBLY ADHESIVE

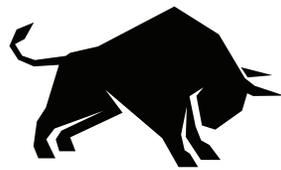

Fast Aggressive Tack

Quick Dry

HAPS-free

Non-Chlorinated  
Solvent

Ideal for Fast Assembly

**EVERSTRONG**  
ADHESIVE

EverStrong™ Fast Dry Adhesive (FDA) is a versatile industrial aerosolized adhesive specially designed to be fast drying with a very high tack. It is HAPS-free and nonchlorinated. With its aggressive tack and fast dry characteristics, FDA is perfect for adhering RV Insulation, fabrics, leather, cardboard, foam, wood and similar materials where quick assembly is essential.

### PRODUCT USAGE

EverStrong™ FDA adhesive is designed to be applied to one or both surfaces to be adhered. Spray an even coat of adhesive with at least 80% to 100% coverage. Place the surfaces together and apply pressure evenly across the full bonding surface. For best results: Make sure that the surfaces are dry and free from dirt, grease or oil. Ensure that the adhesives and substrates are at 60°F or higher. If surfaces are porous, a second coat is recommended after the first has dried and become tacky.

### STORAGE

After use, do not close the valve. Leave the gun and hose connected to the canister. Recommended to store canister off the floor if temperatures below 60°F.

### PHYSICAL PROPERTIES

Appearance:	Liquid, clear or red
Specific Gravity:	.74 + .03
Spray Tip:	ES6501
Spray Pattern:	Web Spray
Flammability:	Flammable per ASTM E-681-04
Solvent:	Acetone, Dimethyl Ether
Shelf Life:	15 months
Freezing:	Not damaged by freezing but return to room temp before use.

### PACKAGING

FDA-009C(R)	9lbs Disposable Canister
FDA-030C(R)	30lbs Disposable Canister
FDA-140C(R)	140lbs Returnable Canister
FDA-290C(R)	290lbs Returnable Canister

All available in Clear (C) or Red (R)

### KEY FEATURES

- ★ Fast Aggressive Tack
- ★ Quick Dry
- ★ HAPS-free
- ★ Non-Chlorinated Solvent
- ★ Ideal for Fast Assembly
